

Mohamed Ali

AI Student

About Me

Ambitious Computer Science and Artificial Intelligence student with experience in Python, machine learning, and data analysis projects. Passionate about technology and developing real-world AI solutions

Professional Experience

Machine Learning Projects

Built student performance prediction models using KNN algorithm.

Performed data cleaning, preprocessing, and model evaluation using Python.

AI & Data Analysis Projects

Worked on data analysis and visualization projects using Python

Applied machine learning techniques for classification and prediction tasks.

Education

Badr University 2023_2027

- AI Student

SMART VILLAGE IN COURSE

- Robotics

SKILLS

Python | Machine Learning |
Data Analysis | MATLAB |
GitHub | Problem Solving /
KNN Algorithm / Time
Management

Languages

Arabic (Native) •
English (Good) •
